Site Description

The Site is located along Carmichael Road located in East Montgomery, Alabama. The unsecured, uninhabited and undeveloped Site is situated alongside Interstate 85 North, in a moderately populated area surrounded by a mix of commercial and residential development. The There is a cell phone tower located at the top of hill at approximately 304'.

LAT: N 32 21. 651'

LONG: W 086 13. 534'

Current Activities

EPA and EPA's contractors (USES) have effectively completed emergency removal actions on September 25, 2009. Approximately 23-25 cu. yards of non-hazardous, petroleum contaminated soil has been recovered and has been transported to an approved Sub-title D landfill in lower Mississippi. The ADEM official has been engaged and has been kept informed throughout EPA's Removal actions.

Planned Removal Actions

Analytical waste and confirmation samples results are non-hazardous.

Next Steps

NFA.

Key Issues

None.

Estimated Costs *

	Budgeted	Total To Date	Remaining	% Remaining
Extramural Costs				
ERRS - Cleanup Contractor	\$15,000.00	\$2,500.00	\$12,500.00	83.33%
Intramural Costs				
Total Site Costs	\$15,000.00	\$2,500.00	\$12,500.00	83.33%

* The above accounting of expenditures is an estimate based on figures known to the OSC at the time this report was written. The OSC does not necessarily receive specific figures on final payments made to any contractor(s). Other financial data which the OSC must rely upon may not be entirely up-to-date. The cost accounting provided in this report does not necessarily represent an exact monetary figure which the government may include in any claim for cost recovery.
